

Wine list

Welcome to the latest edition of our wine list. As ever at the goose, we are continually looking to improve and expand our offering to our guests.

The new wines on the list have all been selected by myself and Claire with the invaluable assistance of Mark Souza, our wine guru. Mark owns and operates the company "grape passions" along with his wife in Tiptree. Being a local family business like ourselves we have found a great level of empathy as to our guests needs.

We are delighted to offer a selection of 19 wines by the glass from our list using the revolutionary "Le Vere De Vin" system which vacuum seals open bottles to keep them in tip top condition.

I hope you can take time to browse the list and maybe select something you haven't tried before. Please feel free to ask either myself or the team for recommendations and food matching.

Where possible we work with wine makers who practice sustainable viticulture and organic farming so that generations to come can enjoy the natural quality of these wonderful wines.

Phil Hambrook-Moore
